## EXPERIENCE

UX/UI Designer & Front-End Developer

2025.05 - 2025.12

*World Food Programme of the United Nations, Remote*

- Collaborated with graphic designers, developers, photographers, and copywriters to **create 4 fully responsive** and interactive websites that draw on public statistics and WFP data across Latin America and the Caribbean.
- Delivered consistent cross-browser user experiences. Developed modern frontend interfaces with React, TypeScript and GSAP.
- Created wireframes, storyboards and prototypes using Figma to effectively communicate design ideas to stakeholders.
- Optimized website content for search engine visibility (SEO)
- **Conducted 5+ usability tests** to identify areas of improvement for the UI design elements and sections.
- The website is live at: <https://cdn.wfp.org/2025/foodprints/>

UX/UI & Full-Stack Developer | Project Lead

2024.05 - 2025.12

*The Table, Harding University, AR, USA*

- **Led a team of 3 developers** to build The Table's website, allowing students to view real-time inventory products in stock, contributing to a **total of 3,678 visits** to the food pantry since it was launched.
- Delivered a custom CMS for volunteer and board management, deployed on a Linux server with Docker, MySQL, Express, and APIs.

UX/UI & Full Stack Developer | Freelance

2024.05 - 2025.05

*Spring Hills Ranch, MO, USA*

- Designed and developed a fully functional e-commerce website using Figma, PHP, MySQL, and SCSS.
- **Ranked #1 on Google Search.**
- The website is live and accessible at: [springhillsranch.com](https://springhillsranch.com)

UI Designer & Web Developer | Freelance

2025.01 - 2025.05

*Southern Kettle Company, AR, USA*

- Designed and developed an informational e-commerce website for a popcorn family business using Next.JS, TypeScript and Sanity.
