estebandegracia24@gmail.com
Searcy, AR, 72149, USA
https://esteban24munoz.github.io/

Front-End Developer and UX/UI Designer with 2+ years of experience delivering high-performance, responsive web applications. Specialized in scalable front-end architecture and UI design systems, with a strong focus on thoughtful, user-centered experiences. Experienced collaborating with cross-functional, international teams, and driven by continuous learning and professional growth.

## Work Experience

### Front–End Developer & UX/UI Designer Intern
2025.05 – 2025.12

*WORLD FOOD PROGRAMME OF THE UNITED NATIONS, REMOTE*

- Collaborated with graphic designers, developers, photographers, and copywriters to **create 4 fully responsive** and interactive websites that draw on public statistics and WFP data across Latin America and the Caribbean.
- Developed modern frontend interfaces with React, TypeScript and GSAP and deployed using Amazon Web Services (AWS).
- Created wireframes, storyboards and prototypes using Figma to effectively communicate design ideas to stakeholders.
- Optimized website content for search engine visibility (SEO)
- **Conducted 5+ usability tests** to identify areas of improvement for the UI design elements and sections.
- The website is live at: https://cdn.wfp.org/2025/foodprints/

### Full–Stack Developer & UX/UI | Project Lead
2024.08 – 2025.12

*THE TABLE, HARDING UNIVERSITY, AR, USA*

- **Led a team of 3 developers to** build The Table's website, allowing students to view real-time inventory products in stock, contributing to a **total of 3,678 visits** to the food pantry since it was launched.
- Delivered a custom CMS for volunteers and board management, deployed on a Linux server with Docker, MySQL, Express, and APIs.

### Full Stack Developer & UX/UI | Freelance
2024.01 – 2024.05

*SPRING HILLS RANCH, MO, USA*

- Executed the end-to-end design and development of an e-commerce platform using Figma, PHP, MySQL, and SCSS
- Architected search visibility strategy to **achieve #1 Google Search ranking**
- The website is live and accessible at: **springhillsranch.com**

## Education

### Harding University | Searcy, AR, United States
Expected graduation
May 2026

- Bachelor's Degree in Computer Science and Minor in Graphic Design

## Certification

### EF SET English Certificate (C1, Advanced)
2024.06

## Freelance Projects

**Graphic Designer | International Viewbook**                                        2025.11 – 2025.12
*HARDING UNIVERSITY, AR, USA*

- Led the design process from concept to final delivery, focusing on storytelling and student engagement.
- Collaborated with a graphic designer and copywriters to develop professional visuals and compelling student narratives.
- Delivered the project within a one-month timeline, resulting in **500+ printed copies** with additional print runs planned for future outreach.

**UI Designer & Web Developer | Freelance**                                        2025.01 – 2025.05
*SOUTHERN KETTLE COMPANY, AR, USA*

- Designed and developed an informational e-commerce website for a family-owned popcorn business using Next.js, TypeScript, and Sanity CMS, deployed on a self-configured VPS.
- Configured and managed the VPS environment (Linux server, Node.js runtime, Nginx, SSL) to support production-ready Next.js deployment.
- Implemented a headless CMS architecture with Sanity to enable easy content management and scalability.
- Optimized performance and SEO through server-side rendering (SSR) and static generation features in Next.js.

**WordPress Websites**                                        2024.05 – 2024.12
*CLEVERINSTANCE TECHNOLOGY , REMOTE*

- Collaborated with a cross-functional international team to design and develop websites for small and medium-sized businesses in Nicaragua
- **Secured 4 clients**, delivering custom WordPress websites tailored to each business's goals and brand identity.
